INSPIRITUS DISASTER RELIEF: VOLUNTEER OPPORTUNITIES

Inspiritus has been wonderful! After the storm, we didn't know which way to turn...but they showed up, cleaned up, and made everything feel good for us again. Inspiritus brought me and my husband home.

-Joyce Tolbert: Hurricane Sally Survivor

Inspiritus Disaster Relief Volunteers are Essential. With the help of volunteers, Inspiritus provides clean-up, repair and rebuilding services to underserved and under-resourced communities impacted by a storm. Volunteers help ensure that all community members are supported and receive the assistance they need to safely return to home.

Empowering Survivors to Thrive: Recovery for survivors impacted by a disaster can last months and often years. Our teams remain in communities long-after a storm hits to ensure that individuals completely recover and return to thriving. Your heart and hands are always needed to help restore individual, family and community resiliency after a disaster.
